

Wetrok surface cleaner
Foam cleaning satisfaction

Surface cleaning – effervescent cleaning power

The surfaces in a building are comparable to the various skin zones of the human body. Some are smooth or coarse, others have fine or large pores and then there are those that are particularly sensitive or have specific characteristics. Just like human skin, these surfaces need the right care. Key criteria for selecting the right surface cleaner are the material, exposure and the degree of contamination. Furniture, machinery, food preparation areas, doors, window frames, closet fronts or sanitary facilities:

Each application poses specific cleaning challenges – in terms of hygiene and aesthetics.

The classic and the newcomer: two popular surface cleaners for every occasion

Cleaning must be quick, easy and hygienic. The products used must have sufficient cleaning power to handle stubborn soiling while being gentle on surfaces. This is where our two most popular surface cleaners come in:

Wetrok Powersurf

Ready-to-use and foamable: the extra strong deep-cleaner

Wetrok Powersurf is a high-performance all-purpose cleaner.

Wetrok Powersurf can impress with three outstanding characteristics:

- 1. Extra strong cleaning performance:**
The spot cleaning function removes stubborn dirt particles and residues with ease.
- 2. Easy-to-clean:**
The easy-to-clean effect makes the product extra efficient. It prevents dirt particles from adhering, making them easier to remove.
- 3. Easy to use:**
The ready-to-use solution saves time and reduces personnel costs.

Wetrok Alcosal

Versatile: the alcohol-based cleaner guarantees streak-free results

Wetrok Alcosal is a tried and tested alcohol-based cleaner for various applications.

Wetrok Alcosal offers top cleaning performance:

- 1. Quick-drying:**
Dries quickly and without leaving streaks.
- 2. Fragrant:**
Leaves a fresh (lavender) scent.
- 3. pH-neutral:**
Alcosal is gentle on materials.

Double action polymer barrier

The polymer molecules contained in Wetrok Powersurf create an invisible barrier between the surface and dirt particles. Almost like an intangible film that cannot be seen or felt. This ensures that significantly less dirt will attach to the surface.

The effect:

- Surfaces stay clean for longer.
- Dirt is removed more easily, which protects the surface finish.

The magnificent seven for cleanliness and shine

The Wetrok range of surface cleaners comprises seven products for various applications that perfectly complement each other. Each product is designed to quickly and thoroughly achieve excellent cleaning results in its specific area of application. And all that with our tried and tested Wetrok cleaning methods, especially the highly economical and effective foam cleaning method. It produces an unsurpassed cleaning effect, in particular on porous and oil-contaminated surfaces.

Wetrok Powersurf

The extra powerful spot cleaner

The perfect choice for the quick and complete removal of stubborn surface contamination. The composition of surfactants and innovative, high-performance solvents achieves excellent cleaning results with minimum effort.

Its strengths – your benefits:

- Easy-to-clean effect with protective shield effect
- Spot cleaning function
- Dries quickly and without leaving streaks
- Foamable
- Read-to-use

Wetrok Alcosal

The classic alcohol-based cleaner

Your perfect choice if you want to combine impeccable cleaning results with a subtle fragrance. The alcohol-based, tried and tested all-purpose cleaner shines with an improved foam cleaning performance and also handles oil-based soiling with ease.

Its strengths – your benefits:

- Dries quickly and without leaving streaks
- Foams at 10% solution
- Long-lasting lavender fragrance
- Blue colour

Wetrok Acrylstar

The cleaner for sensitive plastic surfaces

The perfect choice for gentle cleaning of sensitive plastic surfaces. Wetrok Acrylstar is not just your secret weapon for cleaning acrylic glass panes, but a universal cleaner for almost all types of washable surfaces (tiles, glass, various types of plastic, etc.).

Its strengths – your benefits:

- Specially developed for cleaning acrylic glass, flat screens, plastic (such as ABS and PC) (material compatibility confirmed by an independent testing institute)
- Cleans without leaving streaks
- Gentle on materials
- Ready-to-use spray

Wetrok Brillant

The brilliant ready-to-use cleaner

Your perfect choice for brilliant results on glass, mirrors and flat-screen TVs. Wetrok Brillant removes oily and greasy dirt and reduces misting up of mirrors. The anti-static effect repels dust, keeping the cleaned surface shiny for longer.

Its strengths – your benefits:

- Anti-static and anti-misting effect
- Tested by an independent testing institute and deemed suitable for cleaning flat screens

Tip: Benefit from the expertise of specialist car cleaners and try **Minatol Top Glass forte**, the powerful glass and plastic cleaner.

Wetrok Reodor / Reodor citro

The feel-good deodorising cleaner

Your perfect choice if you want clean surfaces and a long-lasting fresh fragrance. The newly optimised formulation for this popular all-purpose cleaner guarantees excellent foam cleaning performance that makes short work of general dirt and grime on surfaces.

Its strengths – your benefits:

- Solvent-free
- Dries quickly and without leaving streaks
- Two long-lasting fragrances to choose from
- **New:** foams at 10% solution

Tip: The alternating use of Wetrok Reodor and Wetrok Reodor citro will guarantee a long-lasting fragrance and underlines the feeling of cleanliness.

Wetrok Topclean

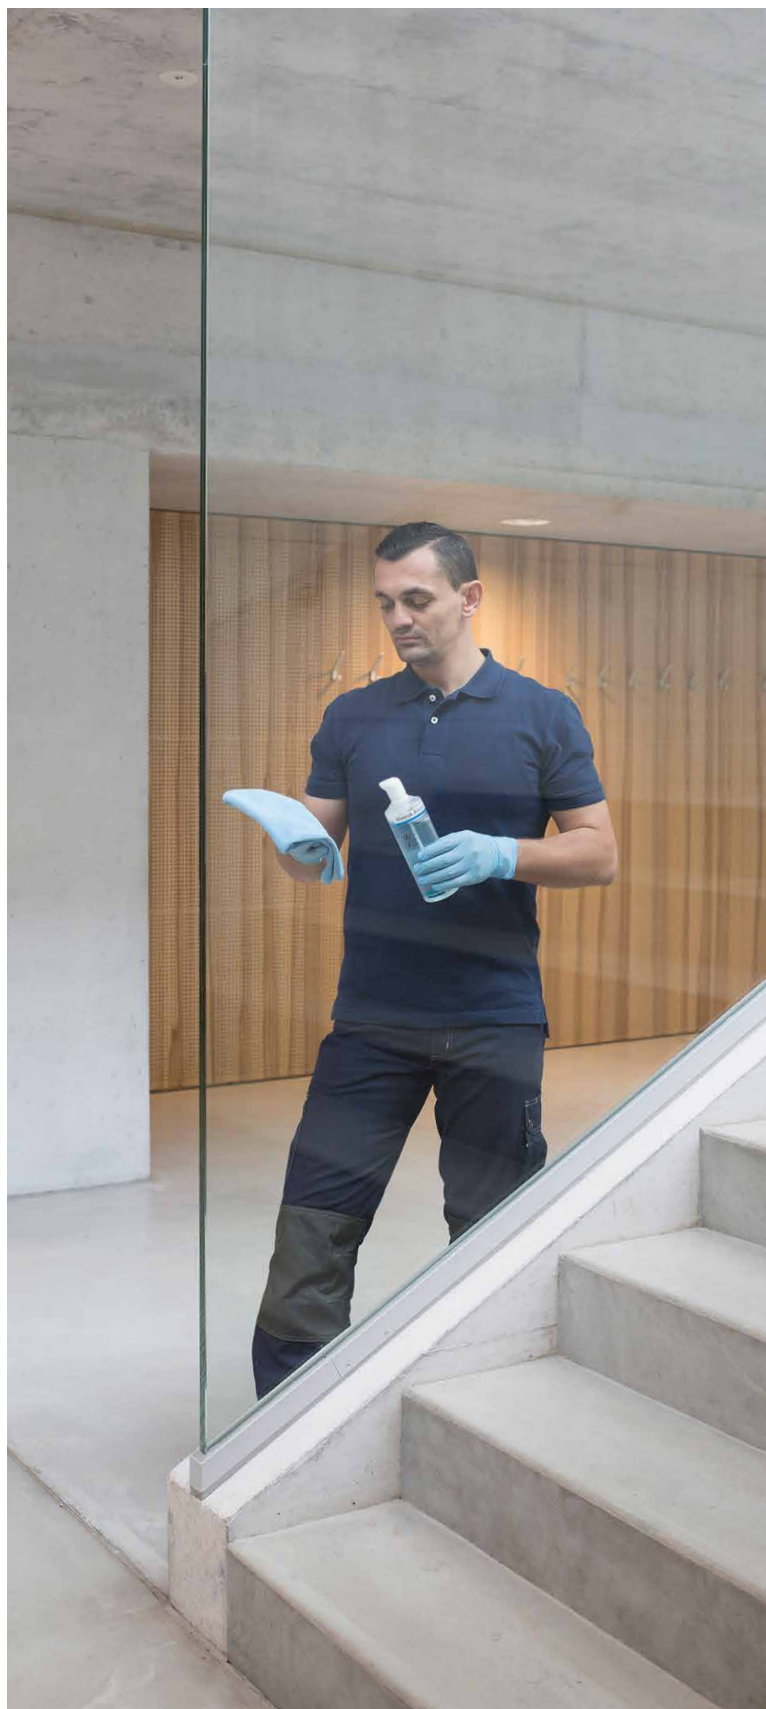

The specialist

Your perfect choice if you want to remove spots on solvent-resistant surfaces quickly. The intensive, high-performance cleaning emulsion delivers targeted results. Exactly where the effect is needed.

Its strengths – your benefits:

- Easy to handle
- Lightly scented
- Can be used everywhere

Tip: Apply undiluted to a dry cloth or directly onto the surface to be cleaned. Wipe the surface and rub it dry.

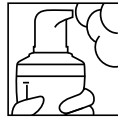

Foam cleaning: Highly effective in every aspect

Surface cleaning is synonymous with value retention and image building. Clean, gleaming and fragrant surfaces in the workplace, shopping areas, hospitals, nursing homes and public buildings create an atmosphere of well-being. And they reflect on the performance of the entire facility service team. It is something to take pride in. Because there is no second chance for a first impression.

Wetrok foam cleaning: superior in every aspect

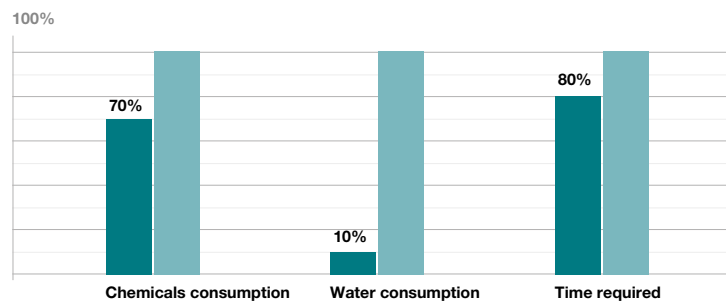

Save time and money – without skimping on cleaning quality... but how?

Wetrok takes care of this seeming contradiction with the ingenious foam cleaning method. The Wetrok foam

bottle replaces the conventional spray bottle to revolutionise surface cleaning:

- **Precise dosage and easy handling:**
Follow the dosing instructions on the bottle. Dilute the cleaning product with water. Apply the foam to the surface using a microfibre cloth.
- **No more wasted water and chemicals:**
Not a drop of the cleaning solution is wasted in foam form. Because Wetrok cares about tomorrow's environment.
- **Safety for cleaning personnel:**
No chemicals are sprayed into the air to be inhaled by personnel. An all-round safe working environment is guaranteed.
- **Targeted application instead of wasteful spraying:**
The foam bottle makes uncontrolled spraying obsolete. Apply the foam cross-wise for a completely uniform spread across the entire surface during wiping. Use a microfibre cloth. The function of the cloth enhances the performance of the cleaning solution. An unbeatable duo.

Save valuable resources

Cleaning results

Ergonomics and safety

Keeps dirt and physical fatigue in check

Improved effect of the special surfactants in the foamed cleaning solution:

The surfactants ensure excellent wetting characteristics, as surface tension is reduced. Additionally, they are optimised to efficiently emulsify oily residues.

No unnecessary physical strain: No more lugging around of heavy water buckets, no repeated wringing of cleaning cloths. Instead, cleaning personnel will progress much faster and show fewer signs of fatigue.

Surface cleaner with special benefits

Wetrok Powersurf

Art. No.	Delivery format
12640	1 x 10 l container
12641	10 x 1 l bottle (filled)
