Wetrok SmartCar

Wetrok SmartCar: Lots of room on a small space

The advantages of Wetrok SmartCar

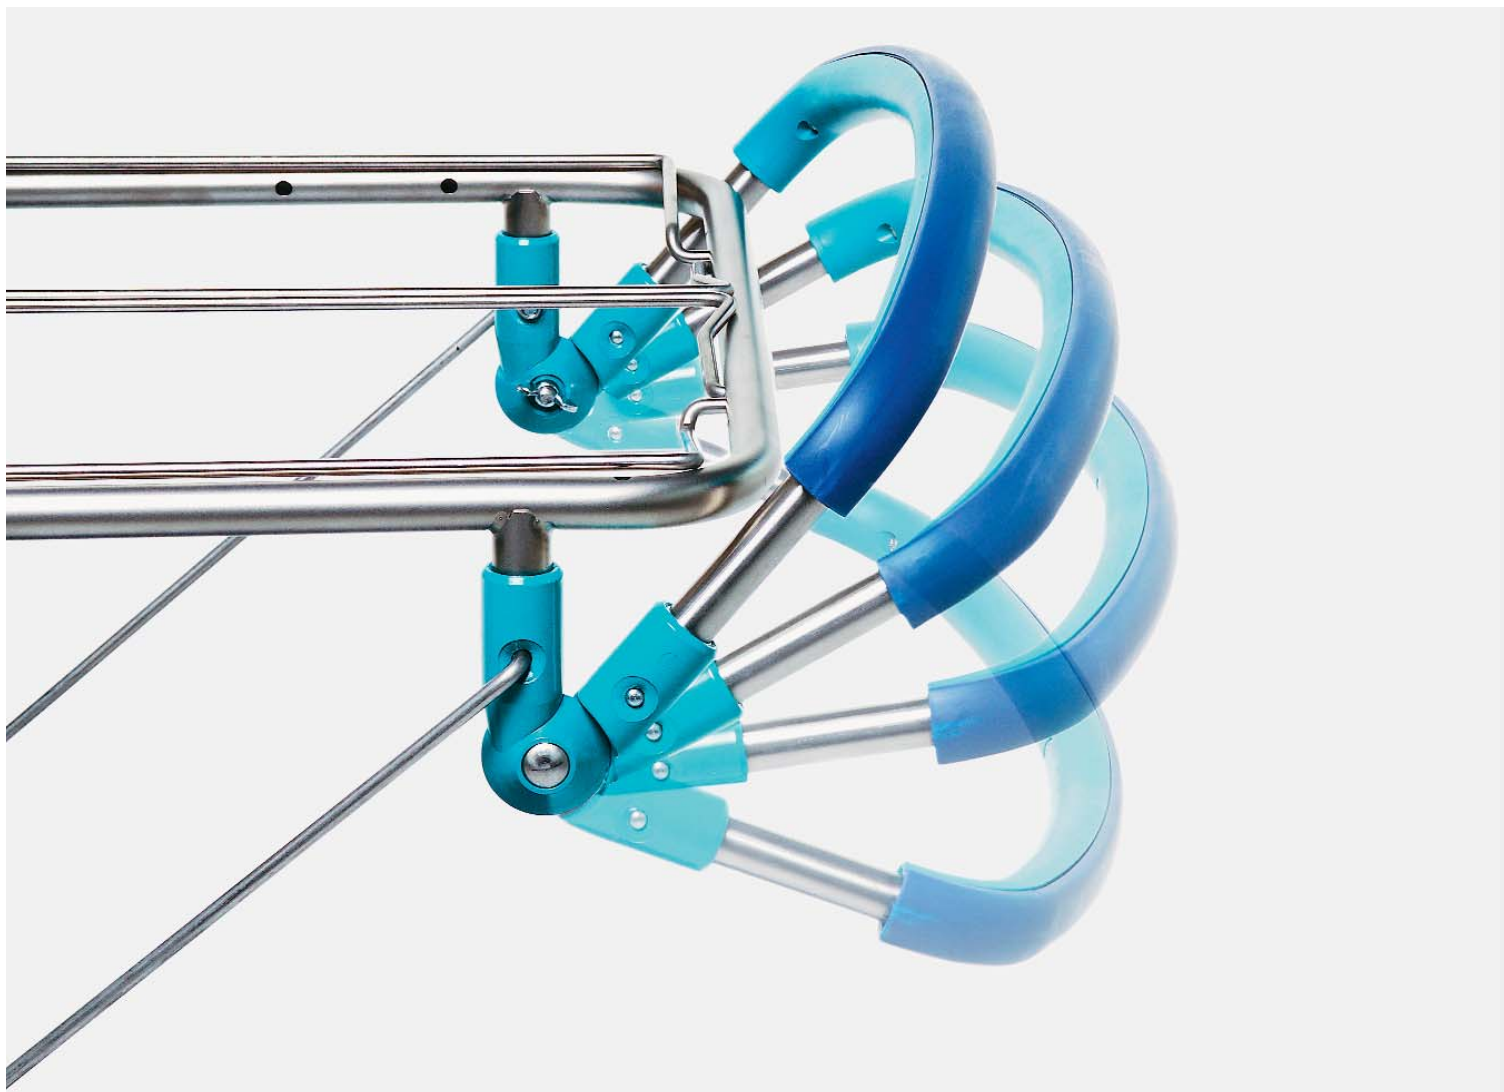

- Optimum use of space
- All materials constantly at hand
- Extremely sturdy, yet light
- Small and manoeuvrable
- Extendable in a modular way to meet your requirements
- All elements easily adjustable

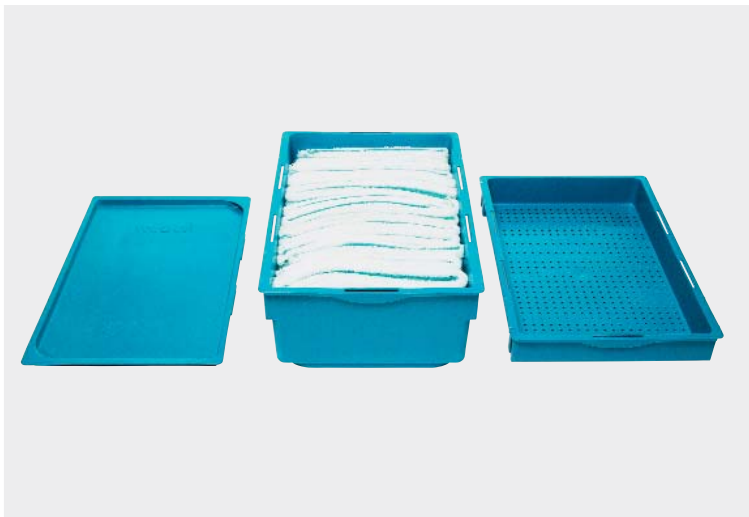

With the Wetrok SmartCar you are well equipped for every situation, and have everything you need for your cleaning rounds quickly to hand. Even if you carry with you many different cleaning appliances – from a toilet cleaner, micro-fibre cloths and a vacuum cleaner, through to a wet-wipe unit – you have everything neat and tidy. Modularity makes it possible! Wetrok SmartCar means lots of space on a small area.

Wide range of applications: Whether in the toilet area, in the office or in hospital, Wetrok SmartCar is easily up to any cleaning task.

Well thought-out down to the tiniest detail

1

2

3

4

5

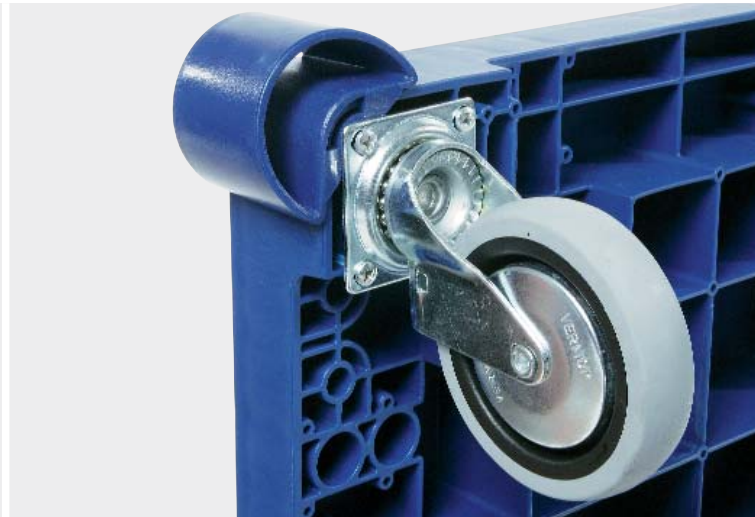

1 **Bag holder K** with ergonomic handle, height-adjustable. The entire bag holder including handle can be folded down to save space.

2 **Wet box:** With the practical wet box, mop-heads can be moistened perfectly for the specific cleaning requirements before every cleaning round. Minimal use of water and cleaning agents reduces costs and protects the environment.

3-5 **Flexible working height:** Both 8- and 17-litre buckets can be placed on the top shelf, or hung on. The working height can thus be varied between 96 cm and a maximum of 112 cm.

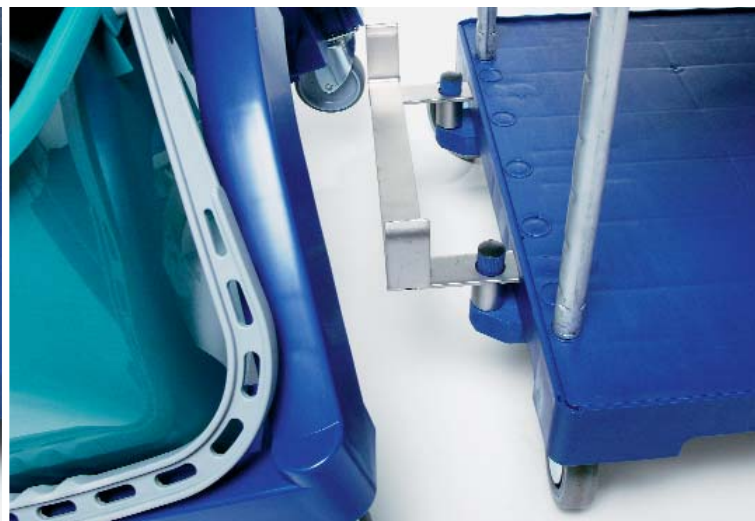

6

7

8

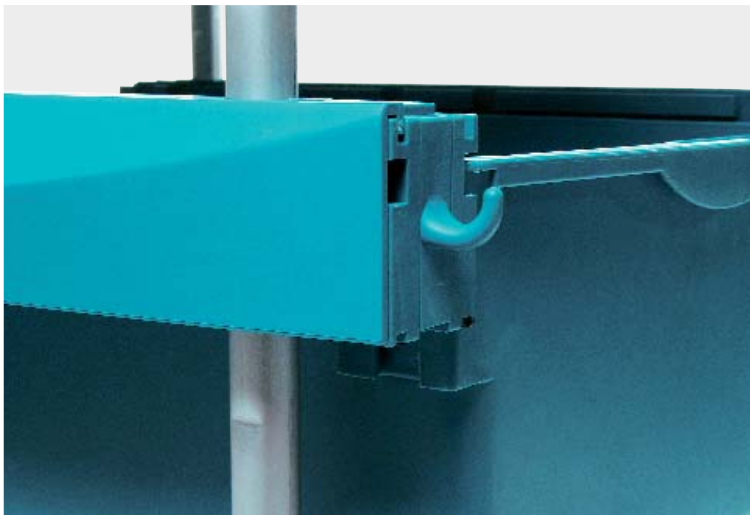

9

6 Ash container: This is accommodated in the 8-litre bucket. Covers for this are available in red, green, yellow and blue.

7 Impact protector: The base plate can be equipped with an impact protector if required, which is screwed on together with the castors.

8+9 Wet-wipe units: With the Wetrok SmartCar, entire wet-wipe-units can be flexibly taken along. Wetrok Socar K15 or K30 are hooked up to the appropriate coupling in no time – and just as easily unhooked.

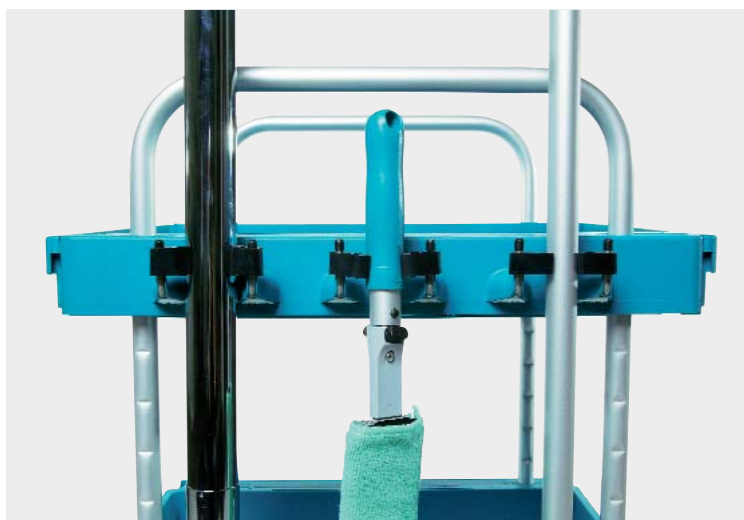

10

11

12

13

10 **Practical hooks:** This practical little hook can be fitted to various places on the Wetrok SmartCar, so you will have anything from a paintbrush to a shovel, from a wiper blade to a bottle brush, always ready to hand.

11 **Locker:** Rolls of bags, cleaning schedules etc. can be safely stored here. Small items such as keys, mobile phones etc can also be stowed in the side compartments.

12 **Boxes:** These can be used as trays or as drawers. All elements are easily adjustable.

13 **Multi-functional hook rail:** All sorts of tools such as feather dusters, sponge mops or even the vacuum cleaner hose can be stored here quickly and securely.

Wetrok SmartCar Basic Models

Wetrok SmartCar Mini Basic	Quantity	Article number
Dimensions L x W x H in cm: 52 x 41 x 112*		80700
